

## **Family Portrait Session**

**Family portraits are timeless. My goal is to provide you with portraits that are worthy of being considered “Wall Art”. I provide photography that will occupy a place of honor in your home for many years to come and you will be proud to display. Of course, smaller prints are available as well including wallet size.**

**Our \$250.00 Portrait Package includes two hours of photography, either at an outdoor location perfect for your photographs, or in studio for even more formal portraits and pictures (or in some cases, both) and \$200.00 in print credit. The \$200.00 print credit can be used to purchase any number, size, or type pictures, mounting, frames, etc. at the current pricing available on my website. Additional pictures beyond the \$200.00 credit can be added at the same pricing structure.**

**A Low Resolution CD including all suitable pictures taken can be purchased for \$50. The low resolution images are not suitable for prints or enlargements but are perfect for sharing on FaceBook and emails. I provide only fully corrected and edited pictures printed by a professional lab. This is to make sure you get only professional grade prints and enlargements. However, a High Resolution CD can be purchased for \$250.00 which will allow you to print enlargements at the lab of your choice. Many other options are available.**

**Contact me for available dates and times.**
